

About me...

Hi, my name is Marcia. I know that many of you around my age will start repeating in your head - Marcia, Marcia, Marcia from the Brady Bunch.! Thank goodness I have never grown tired of the reference. If you are interested in learning a little more about me, this is the right spot.

Arts and crafts have been a hobby of mine for over 25 years. My professional career was as a pharmacist and most of that was within leadership roles. Just as important to me as the arts, is my passion about creating a positive culture and an environment of tolerance to live in. I continue to learn and grow as an individual and find that daily painting and creating helps me maintain a positive mental attitude.
